Stay Safe Day

Year 9

The 'Stay Safe Days" programme aims to improve personal safety by making pupils aware of the consequences of their actions on themselves, their families, and the community.

All sessions are evidence based and aligned to the national PSHE and RSE curriculum.

Some of the information in the sessions is hard hitting, content is age appropriate, however, we recognise that some pupils may be sensitive to subject areas due to personal experience or circumstances.

If you have any concerns about the subjects discussed in the programme or about the suitability for your child, please contact your school, who will be able to discuss this with you.
