Occasionally we would like to use your child's photograph within the school community, this is useful for promoting their personal achievements, when on school trips and participating in sporting fixtures. You can do this by logging into your [parent account](#), selecting profile, data consent and ticking accept.

Following a visit to our year 8 students today, Lincolnshire County Council **Stay Safe Partnership** would like to share the following information about online parental workshops (click the links to sign up):

Online Safety Parent Question and Answer Events on Microsoft Teams: The Keeping Safe Survey Lincolnshire showed that effective supervision of a child's online activity reduced the risk of children being bullied online by up to 39%. Being able to keep up to date with the latest apps and trends, in order to keep your children safe, can feel like an overwhelming task. The Stay Safe Partnership deliver Online Safety workshops in Primary and Secondary schools across Lincolnshire every day. In this event we will give you the most up to date information and tools, so you feel confident that you can keep your children safe from online harm whilst still allowing them to explore the online world. Whether you want to know more around age-appropriate apps, online trends, parental controls, social media or any other burning questions this is the event for you!

[Navigating Teen Relationships 9 December 6-7.30 pm, FREE Teams event](#): When your young person begins to date and become romantically involved with peers, their life can seem exciting, but can also be extremely difficult. Teenagers don't always like to talk about what is happening in their love life however 'Navigating teenage relationships' aims to provide parents and guardians with a toolkit, to support your young person through the complexities of having a healthy relationship. The Lincolnshire Domestic Abuse Partnership (LDAP) will run a one-hour online Teams workshop on the 9 December 6-7.30pm. During the evening LDAP will discuss signs of unhealthy relationships, coercive control, love bombing and other red flags to look out for in your teens and where you can get support. The team is also happy to answer any questions you may have through the night.

[SnapChat Parent Controls Information](#): Information for parents detailing what snapchat is, potential risks young people may face when using the app and how to set up parental controls, in order to help safeguard children using tablets.

May we ask that if driving to school you **park sensibly along the main road outside school**, avoid parking on both sides directly either side of the school entrances, and never on the zigzag yellow lines. It causes difficulties for school buses and large vehicles to pass, and it is potentially dangerous for pupils who need to cross the road, as visibility is poor. If you do have concerns about parking outside school, you can report issues via the Lincolnshire County Council's [Nuisance Parking](#) portal. Your understanding on this matter is appreciated.
